

INSTITUTIONAL ETHICAL COMMITTEE, NDCH (IEC, NDCH)

PROFORMA I

(SHORT STUDIES AND RESEARCH PROTOCOL)

1. Title
2. Background & Justification
3. Brief Review Of Literature
4. Research Question
5. Formulate The Question In Pico Analysis Format:
 - a) Patient/Population/Problem:
 - b) Intervention:
 - c) Comparison:
 - d) Outcome:
6. Aims & Objectives & Hypothesis
7. Primary Outcome Of The Study:
8. Secondary Outcome Of The Study:
9. Detailed Methodology
 - a) Study design: Prospective/Retrospective/Observational/Interventional/etc
 - b) Sample size: (with justification)
 - c) Sampling technique
 - d) Randomization (if any)
 - e) Details of clinical examination (if any) (attach one proforma)
 - f) Details of questionnaire (if any) (attach one sample questionnaire)
 - g) Details of investigations (if any) and how the sample will be obtained and processed
 - h) Details of data tabulation and statistical methods to be employed
10. Timeline
11. Budget/Expenditure And How The Finances Will Be Met
12. Expected Outcome/Benefit To Institution/Society

**Professor & Head,
Dept of**
